Highly Successful Melbourne Private Investment Group

We represent a well regarded, niche, private investment firm. It owns and manages a diverse portfolio of private equity and property assets as well as investments in listed equities.

The team consists of high calibre, experienced investment professionals and is advised by some of Australia's most respected business leaders. It is known for its innovative and proven investment track record and collegiate partnership approach. To facilitate the next phase of the firm's growth, an Investment Manager focusing on Private Equity style investments is to be added to the team.

Working closely with the firm's principals, your mandate will be to assist develop the portfolio through the identification, assessment, execution and ongoing asset management and enhancement of prospective investments. They have been particularly successful in the retail/consumer goods sector and this is seen as a future area of continued opportunity for the firm.

Candidates are likely to possess 5-10+ years experience in one or more of the following: Private Equity, Investment Banking, Strategic Consulting, Equity Research or Corporate Development. Exposure to the retail/consumer goods related sectors would be well regarded but not necessarily essential. You will possess the ability to exercise sound, independent, commercial judgement, combined with a down to earth, respectful approach to doing business.
